yes, we should get them week 2 packages. And we can do that immediately..... I guess I got confused and thought we had already but I guess what we gave them so far was just the week 1 data packages..... Thanks, den.

Den,

Does this mean we should be giving the HQ participants on this group the week 2 packages now to review in anticipation of week 2 roll-out next week? We can do that anytime, except for the tox memos that will need to be modified.

Let me know.

Rich

Tito & Eugene, As a follow-up to this morning's conference call, attached is a revised version of the draft coordination process for the virtual EU. The region sees this effort as valuable assistance and we appreciate the support.

The revisions we made to the coordination paper are generally minor. However, if there are any concerns with the proposed changes, please don't hesitate to call me. Thanks, dennis.
